Test 07: Read the passage and answer the questions.

There are basic needs that every one of us should have for our life. Some of them are food, clothes and houses. We also need services such as health, education and transport. The things we consume are goods. Work that we are provided is a service.

Goods are produced for us by manufacturers. Food cannot be produced without cultivation. We need food to eat, clothes to wear, books to learn, and modern technological equipment for producing goods and services. Money is the medium of exchange for goods and services we get. Banks help us in providing us money. Therefore, they give people a great service.

Manufacturers and traders earn profits by selling consumers goods and services. However, people in our country are fortunate enough to get free education and medical facilities
